Just 7 minutes (3.7 miles) from our front gate! This is the kind of supermarket you'd expect in a much larger city. Keokuk's Hy-Vee offers an in house bakery, a deli, and a full meat department with their own butchers on staff, fresh seafood and the best produce department around. There's also a floral department, a pharmacy and an adjacent liquor store. There's even a café that serves a full breakfast and lunch prepared in their deli. It's where we shop!
